INTRODUCTION

OUR VISION

Deliver best-in-class solutions that will create sustainable and better standards of the environment.

OUR MISSION

REKAZ Group is committed to providing world-class facilities management services that enhance the built environment's safety, efficiency, and sustainability. We are dedicated to exceeding our clients' expectations by leveraging the latest technology, expertise, and innovation and continuously investing in our people and processes. Our goal is to create long-term value for our stakeholders and contribute to the development of Saudi Arabia's infrastructure.

OUR VALUES

Customer Focus

We focus on customers' needs and design our services to meet those needs, and all else will follow.

Trust

Open relationships that generate trust and work in partnership are fundamental for mutual benefit.

Empowering People

Our core asset is employing and developing the best people in the business.

Caring

We care for our people and their safety to give the best quality for our customers always.

Expertise

We develop our expertise through innovative and leading-edge approach to creating and delivering the right solution.

Promoting Change

We challenge convention; we believe in constant improvement and change.

Collaboration and Teamwork

We collaborate to maximize our shared knowledge and bring greater value to our customers.

Quality

Service quality must equal customer satisfaction. It starts with our approach to designing and implementing our services and continues to how we

FACILITY MANAGEMENT

FACILITY MANAGEMENT

At REKAZ, our specialized team takes great pride in providing Facility Management (FM) services. Our company understands that facility management is a comprehensive profession that encompasses various disciplines. Therefore, our primary objective is to ensure environmental sustainability, functionality, comfort, safety, and efficiency by integrating people, places, processes, and technology.

Facilities management is crucial for public and private organizations, including schools, government institutions, and private buildings. At REKAZ, we recognize the significance of this role and its impact on the overall operations of such establishments.

Rekaz has established a reputation for excellence in facility management. Our extensive experience enables us to address each client's unique needs, ensuring their facilities are efficiently managed and well maintained.

At Rekaz, we are committed to delivering top-notch facility management services tailored to meet the specific requirements of our clients. Our team of experts is dedicated to upholding the highest standards of quality, professionalism, and customer satisfaction.

— FIRE SAFETY AND SECURITY SYSTEM —

We provide a comprehensive solution to our customers starting from concept developing to commissioning. Our credentials demonstrate our skills and competencies in designing and executing a wide range of Fire Protection and Fire Alarm Systems. We service companies and institutions whether within the Government, Semi-government or in the private sector. Our services cover designing, supplying, installing, testing, and commissioning of Fire Protection and Fire Alarm Systems.

FIRE SAFETY AND SECURITY

The systems we execute include, for example, FM-200, CO2, Sprinkler, Deluge, Foam System, Addressable as well as the Conventional Fire Alarm Systems. Our growth strategy is demonstrated through our continuous expansion and success. This expansion is part of a series of expansion that we are planning to implement to tap into the market needs and achieve the desired efficiency level.

Our objectives remain to provide our customers with top tier services because we look at them as long term partners. We have dedicated a special division for maintenance of fire protection systems. This is based on our strong belief in the importance of providing comprehensive solutions to our customers.

We can supply and install the following:

- Fire Fighting Equipment
- Fire Pumps & Controllers
